DID GUTHRIE WOMAN WRITE WINNING STORY?

SAID TO BE RESIDENT OF LOGAN COUNTY; NAME OF AUTHOR IS MYSTERY.

Who is the author of "Proud I have Lived a Lie?"

It is the sensation story of the year and the writer is said to be a resident of Oklahoma—and Logan county. Maybe she lives right here in Guthrie.

The story was published in the current issue of American Magazine. It won first prize in that magazine's contest for the best article on "The Things I am Proud of."

The writer, signing initials E. R. W., tell a heart story of how or 44 years she lived, hating her husband, but for the sake of her children, never showing her hate to him.

The writer is 74 years old. Her husband has been dead 10 years, after their marriage and after five children had come, twin boys twice, the writer discovered that her husband was keeping a mistress in luxury.

"I am proud of my ability to deceive my family and my friends," the writer says. "I do not believe there is one of them knows that I loathed my husband. I am 74 years old, a widow since my sixty-fourth year. Those 10 years, together with the 16 of my girlhood and the first four years of my married life, are the only ones that hold for my memory aught but the most repulsive recollections," describing her married existence, the aged writer says: "My life has been one long hell, made harder to bear since I had no confidant."

Most folks go about with a white-wash brush in one hand and a bucket of tar in the other.

LOCAL MOMENT
A Ford car stolen at Enid was recovered at Caldwell, Kan., Saturday night by Sheriff Howe.

Sunday was an ideal fall day. Oklahoma climate just now is a world beater.

Oil was struck at 1200 feet in the Carter well which completely explodes the old theory that oil cannot be found in the so-called red beds.

In an argument some people never live in and others never give out.

Thirty-one automobile parties passed through Guthrie Sunday. Van-Hoozer sold more than 500 gallons of gasoline.

It is more blessed to extend the glad hand than to point the finger of scorn.

"Before this time next year Logan will have the best system of state highways in the state and the folks who are now kicking will be tickled to death," said L. M. Oliver, county commissioner, today.

Elocution would have more value if, in addition to teaching us how to speak, it would teach us when.

It is said that a certain Guthrie business man, who now has more different lines in operation than any other Guthrie, is contemplating putting in another and largest of all.

Mayor Nimley is away on his vacation. C. C. Clothier, commissioner of utilities is acting mayor and is making a good one.

What became of the viaduct proposition? Now is a good time to revive it. It seems that the last decision put it up to the city to act.

Don't, fellow citizens, judge a man by his politeness until you see him in his own home. That's the crucial test.

Women of the City Federation have decided to have a fall flower carnival and preparations are now going on to make it a "humdinger."

Dr. Kellogg says the report that he is contemplating a new location is erroneous. "I know of no better place to live in and transact business than Guthrie and I certainly am not thinking of leaving a good thing," he said today. That's the spirit.

A man is forced to use a razor, but a woman can shave with liquid paste; and moreover, a lot of Guthrie women are doing it—and more should.

Three cheers for the Missouri man who beat up his daughter's "steady" so badly that the latter hasn't been able to play the cornet since.

"Personally," said Dwayne Jenkins today, after reading a cooking recipe in The Daily Leader, "I resent any attempt to classify the parsnip as a food. The parsnip is not a food, it is an insult." Wow.

"People are living out of doors a great deal more these days than ever."

WOMEN VOLUNTEERS.

In stress and trouble the women of a nation are always to be counted upon. In Serbia the women went to the front with muskets in their hands; they were as strong and brave as the men on the firing line. In this country few of our women escape the weakening troubles peculiar to their sex.

Shawnee, Okla.—"When I began taking Dr. Pierce's Favorite Prescription and Golden Medical Discovery I had some female trouble and was run down. I took six bottles of each to build up my health, and I am glad to testify that these two remedies cured me for I have not been bothered with anything of the kind since. Later on I had kidney and bladder trouble and by taking these same remedies I became cured of this also. These medicines were grand, and did so much for me that I have been telling others about them ever since."—Mrs. J. W. GENTRY, 308 South Oklahoma St., Shawnee, Okla.

Many Oklahoma women, both young and old, have experienced much misery and suffering.

Middle aged women about to experience that dreaded change of life should profit by the experience of thousands of noble women who have gone through the same period with little or no pain, misery or discomfort. Dr. Pierce's Favorite Prescription is and has been for over 40 years just the medicine that every woman needs when passing through the changing days. It is not a secret prescription, for its ingredients are printed on the wrapper; it's a temperance medicine. Not only does it build up the entire system and make it strong and vigorous enough to withstand the organic disturbances, but it has a quieting effect upon the feminine organism.
